# WHO WE ARE ?

Senghani Engineering (U) Ltd is a trusted name in the field of electrical and engineering services, combining over 45 years of industry experience with modern solutions.

We began in India in 1973 as Senghani Enterprise Ltd and expanded into Uganda in 2022, bringing our expertise in motor rewinding, electromechanical services, power tools, and supply of engineering equipment to East Africa.

Today, we serve as retailers, wholesalers, and contractors, delivering cost-effective products, quality workmanship, and reliable services for domestic, commercial, and industrial clients.

## OUR MISSION

To lead in everything we do by using our experience and expertise to provide excellent services, ensuring every customer receives the highest standards of quality, responsiveness, and value. At Senghani Engineering, we go beyond service — we deliver lasting solutions.

## OUR VISION

To become the world's most recognized and reliable motor rewinding and engineering specialist, expanding into related market segments while maintaining our legacy of quality, innovation, and integrity.

## OUR VALUES

**Client Focus** – We go beyond expectations to build long-term customer relationships.

**Integrity** – Practicing fairness, ethics, and honesty at every step.

**Teamwork** – Fostering collaboration, trust, and mutual accountability.

**Communication** – Open, transparent, and respectful interactions.

**Performance** – Continuously improving and striving for professional growth.

**Strong Leadership** – Driving change that creates better results for our clients.

# OUR SERVICES

At Senghani Engineering (U) Ltd, we deliver end-to-end electrical and engineering services designed to support industries, businesses, and homes with reliable and modern solutions.

From precision motor rewinding and expert electrical contracting to safe wiring installations and advanced panel maintenance, our services are built on decades of proven expertise.

We combine innovation, quality workmanship, and cost-effective practices to ensure every client receives long-lasting results they can depend on.

## Motor Rewinding & Repairs

Extending motor life with precision rewinding and reliable repairs.

## Electrical Contracting

Reliable electrical solutions for every project.

## Maintenance & Refurbishing

Ensuring smooth performance with expert care and upgrades.

## Replacements & Supply

Supplying quality parts and replacements you can trust.

## Procurement & Wholesale

Reliable sourcing and wholesale supply of engineering products.

## Installation Services

Professional installation for safe and efficient operations.

# OUR PRODUCTS

We supply a wide range of quality products including motors, pumps, generators, hand and power tools, switchgears, pure copper wires & cables, and WEG variable speed drives—delivering reliable solutions for industrial, commercial, and residential needs.

**High Voltage Motor**

**Crusher Duty Motor**

**WEG W21 Eex-n Motor**

**WIG Dip Motor**

**Explosion Proof Motor**

**Two Speed Motor**

**& many other types of motors**

**Power control center**

**Motor Control Center**

**Main Lighting Distribution Board**

# PUMPS & GENERATORS

Industrial Pumps

Generators

Welding Machines

# POWER TOOLS

Makita Power Tools (Japan)

Hitachi Power Tools

High Quality Power Tools

# VARIABLE SPEED DRIVES (WEG)

CFW08 (0.18-15 kW)

CFW09 (1.1-400 kW)

CFW10 (0.18-2.2 kW)

# HAND TOOLS

Items	Details
adjustable spanner	phosphate & chrome finish 4"/6"/8"/10"/12"/15"
combination pliers	with & w/o joint cutters 6" / 7" / 8"
long nose pliers	flat nose / round nose 6"
side cutting pliers	6" with cable stripper
inner circlip pliers	st.nose / bent nose 6"
pincers	8"
c-clamps	2" / 3" / 4" / 6" / 8"
screw drives	contact us for exact available sizes
screwdriver sets	contact us for exact available sizes
screwdrivers set with neon bulb	contact us for exact available sizes
three-in-one tester	tester no 817 & 1413 with ext cord
sockets 1/2" sq. drive	8mm to 34mm available
heavy-duty impact sockets extra long	contact us for exact available sizes
socket accessories	extension bars / universal joint / t-handle / offset handle / reversible ratchet handle / nut spinner flexible / speeder brace
socket sets	12.7 (1/2") square drive (available in hexagonal & bi-hexagonal)

# HAND TOOLS

Items	Details
s-14m / s-14h	22 sockets + 5 accessories (contact for sizes)
s-15m / s-15h	19 sockets + 5 accessories (contact for sizes)
s-22m / s-22h	11 sockets + 4 accessories (contact for sizes)
s-11m / s-11h	22 sockets + 5 accessories (contact for sizes)

# SWITCHGEARS & PROTECTION

**MCB**

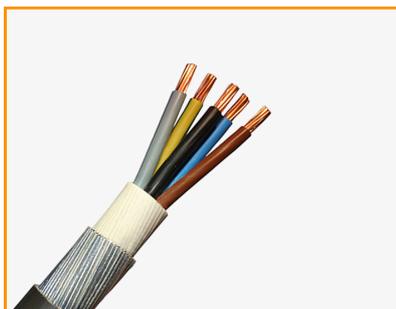

**RCCB Switches**
